Emergency Preparedness in NH

Kenneth Walsh of the NH State Fire Marshal's Office will be speaking about New Hampshire building codes and regulations that impact emergency preparedness and response during a disaster. He will discuss how architectural or engineering designs may impact how a disaster response is approached and use past events to demonstrate the challenges faced by emergency responders.

Kenneth Walsh is currently employed with the NH State Fire Marshal's Office as a Fire Protection Specialist. His 40 year career includes fire suppression, fire investigations, fire and building codes, and emergency responses to disasters.
